

*In The Claims*

1. [Original] A sport bottle having a cylindrical body with a base at one end thereof, and an opening at the opposite end;

a closure about said open end, said closure having a push/pull spout therein;

a first attachment device, said first attachment device being disposed on said cylindrical body;

a second attachment device, said second attachment device being disposed on said base;

said attachment devices adapted to adhere to a planer surface to removably attach said sport bottle thereto.

2. [Original] The sport bottle of Claim 1, wherein said attachment devices include magnets.

3. [Original] The sport bottle of Claim 1, wherein said first attachment device comprises a strip of magnetic material, said strip of magnetic material circumscribing said cylindrical body.

4. [Currently Amended] The sport bottle of Claim 1, wherein at least one of said attachment devices comprise hook and loop strips.

5. [Previously Amended] The sport bottle of Claim 4, wherein said first attachment device comprises a hook and loop strip, said hook and loop strip circumscribing said cylindrical body.

6. [Previously Amended] On a vehicle in which said vehicle is supported for movement on wheels, and is provided body parts including a front hood, a rear, deck, fenders and side panels, at least some of which are in transverse planes;

at least one sport bottle removably adhered to one of said body parts; said sport bottle having a cylindrical body with a base at one end thereof, and an opening at the opposite end;

a closure about said open end, said closure having a push/pull spout therein;

a first attachment device, said first attachment device being disposed on said cylindrical body;

a second attachment device, said second attachment device comprising a magnet, and being disposed on said base;

said attachment devices adapted to adhere to a planer surface to removably attach said sport bottle thereto.

7. Previously cancelled.

8. [Original] The vehicle of Claim 6, wherein said first attachment device comprises a strip of magnetic material, said strip of magnetic material circumscribing said cylindrical body.

9. [Previously Amended] The vehicle of Claim 6, wherein said attachment devices comprise hook and loop strips.

10. [Original] The vehicle of Claim 6, wherein said sport bottle is removable adhered to any of said body parts.

11. [Original] The vehicle of Claim 6, wherein said vehicle is provided with multiple sport bottles removably secured to various body parts.
